

# Setting up a league team

When people take up bowling, once they realise what a good game it is and want to move into playing in teams, or setting up their own, they sometimes find it confusing.

For any members wishing to play in the summer leagues, I will be pleased to show them how to do it. (Maurice)

**Item 1** Decide what League you would like to enter  
Doubles, Triples or Fours

**Item 2** Make sure the date and time suit yourself and the other players

**Item 3** Decide on a team name and enter the name on the list for that league

**Item 4** Now you have entered your team, you will need to register your team and the names of your players. If a player wants to join your team later, you must register the player (No extra cost)

**Item 5** The cost of registering your team is as follows:

<b>Doubles</b>	<b>£6.00</b>
<b>Triples</b>	<b>£9.00</b>
<b>Fours</b>	<b>£12.00</b>

Share the cost of registering between members of your team

**Item 6** When all the teams have been registered for that league, the league will be drawn

**Item 7** Drawing the League is when the computer works out who will play who, on what rink and at what time.

**Item 8** This will produce a Captains Planner which gives you a hard copy of the drawn League schedule and the names and contact numbers of all the captains in that league.

This will match the dates and times on the screen in the bowls hall.

Also it will give you the means of marking when your players will be required to play.

**Item 9** It is the responsibility of the captain to make sure all dates are fulfilled.

**Item 10** At the start of all games the player in charge should collect the Score Card, an envelope to put the tokens in and a slip to fill in showing your team, rink and amount of tokens collected.

**Item 11** At the end of the game the card should be checked and signed by both captains and the card put in the slot marked Secretary.

The Envelope containing the tokens and slip should be put in the slot marked Treasurer.

**Item 12** The results of your matches and your position in the league will be available as soon as possible on the Web Site, to keep you up to date

## HELP

**There is always help available.**

**The Secretary is happy to sit with you and assist you in any way possible either face to face or by telephone,**
