

The cafe is opening when we have willing volunteers and there is seen to be a demand for it to be open.

Currently this is regularly on Monday and Saturday mornings.

We have taken steps to set up the kitchen, complete with its own food safe cleaning supplies and record keeping system.

We have registered with Peterborough Council and await their inspection of the premises.

The initial aim is for the volunteers to serve drinks and possibly pre-wrapped snacks such as biscuits and cakes, this will of course depend on the demand.

All larger catering requirements will be catered for by using outside caterers
