

News from the rinks (the inter club friendlies)

Sunday the 3rd of October will be an afternoon to remember, after a very long time the first inter club friendly game hosted by Huntingdon indoor bowls club, was a resounding success. After what could have been a rocky start in the morning, but for the invaluable help from a number of our brilliant club members, who rallied round to help me (you know who you are) the problems were sorted, so first I must offer my thanks to them, then to every one of our team members, for making my very first inter club match as the organiser, a really wonderful afternoon.

The hosts Huntingdon gave all of us a really warm welcome, the matches were played in the manner they should have been, and although competitive I noted from every rink warm banter, and even advice from the opposition how the rinks were playing, unfortunately we did not win overall (two of our teams managed to win) on their slick greens, every game was enjoyable.

Once the games had finished, we all sat down to a really lovely meal, followed by the raffle which again I noted, our players seemed to win quite a few of the prizes! A lovely afternoon of bowls in wonderful company, thank you everyone once again who took part, for making my job as the organiser, so enjoyable.

The next inter club game is on Saturday 16th October 2021 away at the Spalding indoor bowls club, 2.0pm start.....see you there.

Gregg Earle Vice chairman.
