Please Note:

This has been an experiment and completely worked by hand wth no computer aids.

Hopefully I have got it right and the teams are in the right order of finishing.

I hear good things about the enjoyment of the Sets League, and have been asked to see if one can be incorporated into the Winter leagues.

If it is possible to do so using a computer then the club will look into it and put the organisation into motion to see how many teams we can get together.

Sets can be played in Singles, Doubles, Triples and Fours.

Maybe sets can be used in the club competition.

Thank you for taking part and giving your positive feedback.

Maurice (Club Secretary)
